

Green infrastructure / Maintenance of green spaces

Comprehensive maintenance of the gardens in Plaza España, Madrid

Client

Madrid City Council

Period of service

April 2022 (12 months + 3)

Location

Madrid

Scope

Comprehensive maintenance of the public space, including the cleaning, conservation and maintenance of the parks and gardens, as well as the distribution and sewer networks, furniture and playgrounds, pavements and other architectural elements within this area of

75,400 square metres.

Description of the service

In this major public space in Madrid, Soriguē is responsible for looking after all the gardens and green areas through watering, fertilising, improving and supplying soil, as well as maintenance and replacement work.

There is a recreational area in Plaza de España, which includes four children's areas, as well as exercise equipment for the elderly and furniture designed for relaxation. Maintenance and conservation work will be carried out on all these structures, including wooden elements, signposts and signage.

Description of the work:

- General cleaning: landscaped areas, street furniture elements, playgrounds, exercise and recreation areas, buildings.
- Removal of paint and graffiti.
- Preparation work for large-scale events and post-event clean up.
- Watering of plants.
- Fertilising, improving and supplying soil.
- Trenching, weeding and other soil tillage.
- Maintenance and replacement of lawns and plant cover.
- Maintenance of trees, shrubs, palms and herbaceous plants.
- Planting: replacements of trees, shrubs and herbaceous plants. Transplanting.
- Plant health.
- Pavements and terracing: paths, squares, rest areas, playgrounds, dog areas, sports fields and circuits.
- Maintenance of sanitation network (drainage, collection and evacuation of rain water)
- Maintenance of irrigation networks.
- Conservation and maintenance of drinking fountains.
- Water consumption management.
- Maintenance of energy distribution networks, electricity, lighting, electrical installations, lifts.
- Maintenance of street furniture, pergolas, children's and adults' games, wooden elements, sports elements, signage and signposting.
- Cleaning of historical or unique elements, monuments and sculptures.
